26th September 2017

Dear Parent/Carer,

I am writing to you to offer your son/daughter a place on an exciting opportunity we have for a select group of students in Year 9.

We have managed to forge links with a local charity that is organising a 3 day Science, Technology, Engineering and Maths (STEM) opportunity for Year 9 students. Running on three non-adjacent days in November and December, students will visit a local College, University and Company, meet the people who run and work at them and find out about the inner workings of each.

This is a fantastic opportunity for our future Scientists, Engineers, Technicians and Mathematicians to become inspired and see the potential careers ahead of them.

At this stage I am looking to see if you are interested in your son/daughter taking up this opportunity.

The three dates the sessions will be taking place on (during school hours) are the 7th and 23rd of November and 6th December 2017. We estimate the cost to be £125 (including travel but not lunch) - with financial support available to students who receive Pupil Premium.

If you wish your son/daughter to participate in this exciting opportunity, please complete and return the slip below to the School reception by **Monday 2nd October, 2017**. Please note: as places are limited returned slips will not guarantee a place on the trip and a further letter will be sent confirming your place.

Should you have any queries please do not hesitate to contact me at the school or via email to milnej@sfosborn.herts.sch.uk.

I look forward to hearing from you.

Yours sincerely,

Mr J Milne
Director of Science, Assistant Headteacher (STEM)
Sir Frederic Osborn School
